MISSION REQUIREMENTS SATISFIED USING GRAVOTECH EQUIPMENT & SUPPLIES:

Capability Statement

www.gravotech.us/general-services-administration-GSA

Gravotech Inc. is a full-service manufacturer of Permanent Marking, Engraving and Routing Equipment, Design & Traceability Software, Engraving Materials & Supplies. Founded in 1938 as New Hermes Engravers, our legacy is providing durable equipment, quality engraving materials and developing innovative design software. Gravotech's marking, cutting, personalization and traceability solutions include Galvo & Gantry Lasers utilizing CO2, Fiber, YAG and Green energy sources. CNC based precision Engraving solutions include Routing & Cutting Systems, high speed Scribing and Dot Peen Marking Systems. We offer a wide range of engraving materials and equipment to mark and fabricate awards, signs (ADA & way-finding), name tags, control panels, rating tags & labels, and for permanent Direct Part Marking (DPM) for human readable and Data Codes.

 Duluth, GA 30096

Past Performance

Department of Defense

Air Force | Army | Coast Guard | Marine Corps
 | Navy | Space Force | NASA

Executive Branch

CIA | FBI | Architect of the Capital | Department of Energy

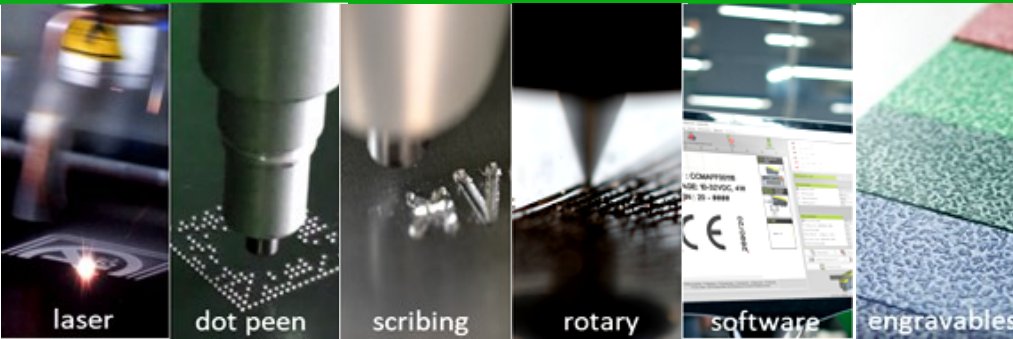

Private Sector

Aerospace | Automotive | Finance | Chemical
 | Manufacturing | Medical | Pharmaceutical
 | Oil & Gas | Textiles | Transportation |
 Global Fulfillment Centers & Premium Brands

NAICS Codes

- 339943 - MARKING DEVICE MANUFACTURING
- 332812 - METAL COATING, ENGRAVING
- 333517 - MACHINE TOOL MANUFACTURING
- 333515 - CUTTING TOOL AND MACHINE TOOL
- 333244 - PRINTING MACHINERY & EQUIP MFG
- 333243 - SAWMILL, WOODWORKING MACH MFG
- 339950 - SIGN MANUFACTURING
- 326130 - LAMINATED PLASTICS SHEET MFG
- 325211 - PLASTICS MATERIAL & RESIN MFG.

Core Competencies (image links)

Laser Technology : Galvo and Gantry beam delivery of CO2, Fiber, YAG (Hybrid) and Green energy lasers for engraving, polishing, annealing, ablating and cutting materials.

Rotary Engravers & Routers: Our range covers compact engravers with super simple software and large engraving/router tables enabled by CAD/CAM Design Software and 60,000 RPM machining spindles.

Differentiators

Global Presence: We manufacture on 3 continent's providing access to engraving supplies, materials, accessories, service and training in 77+ countries through subsidiaries and distribution partners.

Gravotech Quality: We design and build industrial quality solutions, including the firmware and software that drive our equipment. Our laminated materials and tooling set industry standards.

Support: On-site & on-line training, warranty, service, depot repair. Technical Support is available in many regions by phone, chat or email.
